

BASIC STANDARDS OF THE DCFTA IN THE FIELD OF INTELLECTUAL PROPERTY LAW

COPYRIGHT AND RELATED RIGHTS

- Ensure legal **protection of rights** for a specified term of validity (70 years and, accordingly, 50 years);
- Grant the author the rights to **permit\prohibit** the distribution and reproduction of their performances, as well as the right to receive fair remuneration for the rental of their performances.

TRADEMARKS

- The term of protection is **at least 10 years**;
- Registration of a trademark (TM) grants the owner the exclusive **right to prevent** third parties from using it;
- **Grounds for annulment** include non-use, becoming generic, and consumer deception.

GEOGRAPHICAL INDICATIONS

- Protection by the Subcommittee on Geographical Indications against the **imitation of names** and misleading indications regarding the origin of the product;
- In the case of **homonymous indications**, protection is granted to each **if** the name **does not create** a false impression of the origin for the consumer.

INDUSTRIAL DESIGNS

- **The term of protection** is at least 3 years;
- The owner **has the right to** prohibit third-party use (TM);
- The conditions **for refusal** of industrial design registration include non-compliance with the requirements or the existence of a prior design.

PATENTS

- The following **are not subject to patenting**: plant varieties and animal breeds, essentially biological processes, the human body, and any inventions that are contrary to public morality;
- **Confidentiality of data** provided prior to the authorization of a medicinal product.

**Example on Patent Protection in the Field of Healthcare*

TOPOGRAPHIES OF SEMICONDUCTOR PRODUCTS

- **The protection period** is at least 10 years;
- If the topology **meets the conditions**, it is the result of the creator's own intellectual effort and is not commonly known;
- The creator's right **to permit or prohibit** reproduction and use.
